

PALLET SCALES

PSP4300 / 600 – 3000 kg

The lightweight, only 100 cm wide pallet scale fits in tight spaces. The carrying handles make it easy to move the scale from one place to another, as it weighs only 50 kg.

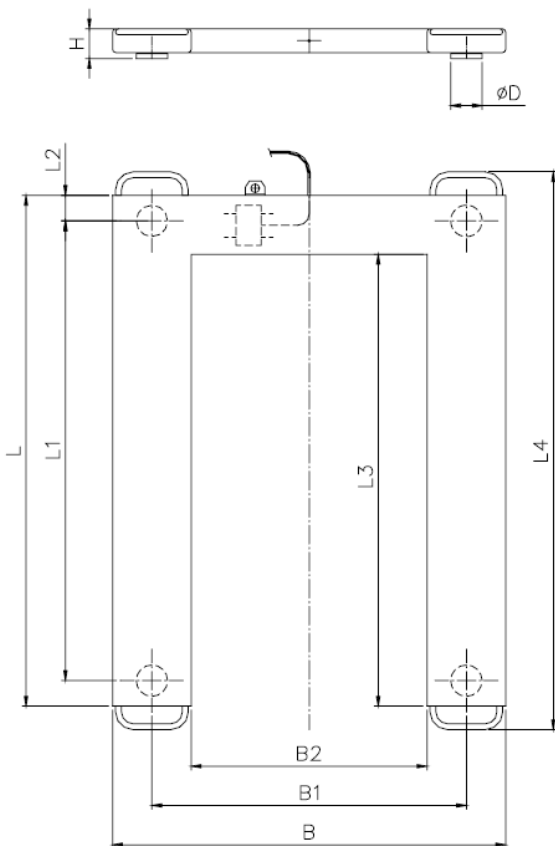

The Pallet Scale is equipped with four stainless-steel load cells. The protection class of the load cells and the connection box is IP68. A cable of 5 m to the weight indicator is included in the delivery.

The scale can be verified (class III, 3000e) for commercial transactions together with approved weight indicators.
